

Business Line Services

Receive simple, reliable, flexible and seamless service

When all you need is the quality and reliability of a Bell local line, use Business Line Services. It provides simple, reliable, flexible and seamless service that can be customized with SmartTouch features. It can be used for telephone, fax or a modem connection.

And by switching network facilities, you can transmit voice and data at speeds of up to 64 kbps using your own equipment. Our service also includes free listing in the Yellow Pages™ directory as well as in the business alphabetical section.

SmartTouch Features

- **Call Display** - Prioritize your important calls. See the name and telephone number of the person calling before you answer with Call Display.
- **Call Waiting** - Conduct business on the phone without the worry of missing calls. You're alerted to local and long distance calls while talking on the phone.
- **Call Return** - Let Busy Call Return monitor the line and alert you as soon as it's free.
- **Three way calling** - Be more productive and make quicker decisions. Have a conference call with up to three people in three different locations.
- **Call Forwarding** - Ensure clients and business contacts can always reach you. Transfer your calls to any number you choose.
